Are you still wondering what to get Mom for Mother's Day, but just don't think flowers alone are going to cut it?

Why not have one of her favorite celebrities send her a video e-card?

The Web site Menforwomennow.com and the Noreen Fraser Foundation are sponsoring free video e-cards featuring some of Hollywood's biggest male celebrities that take just a few seconds to send.

Featured celebrities include Jack Black, Gavin DeGraw, Jason Segel, Neil Patrick Harris, Arnold Schwarzenegger and Josh Radnor.

But the cards are more than just a way to say "I love you" to mom, they also encourage women to get a mammogram and pap smear, important screenings that can help in the prevention of cancers.

The Noreen Fraser foundation raises funds for cancer research aimed at developing new prevention methods and therapies to treat women's cancers.
