Meanwhile, up in the exclusive (and gated) Beverly Park neighborhood, nominee **Charlie Sheen** (*photo courtesy Rebo McFadden, Sketchers.com*) put on a whole new uniform to "go gifting" at the Silver Spoon's celebration in honor of the cancer focused [Noreen Fraser Foundation](#). Sheen changed shirts at the threshold, donning a sponsor's Wet Cement T-shirt, which quickly became the default uniform for many of the boldfacers sampling a buffet of gifts while making donations to the cause. Nominee **Dave Kushner**, one half of the guitars with bandmate **Slash** in Velvet Revolver, took the costume change one step further, putting on his dancing shoes for the guitar hero-esque "Just Dance" Wii game room.
